

CORPORATE POLICY

I, Jon Romero Aguirregomezcorta, as Technical Director of the company EMBRYOCLOUD and the BEA ASSAYS LABORATORY

DECLARE

My unequivocal commitment to compliance with legal and regulatory requirements, customer requirements, the reference standard UNE-EN ISO/IEC 17025, in its current edition, and ENAC as the accrediting organization.

To this end, I establish effective internal communication systems to convey this Corporate Policy (DOC-MG-05/3) to all levels of the LABORATORY, emphasizing compliance with all of the above requirements.

Furthermore, it is very important that everyone involved in the Management System tries to maintain and adapt said System to the inevitable changes that occur in any modern Organization, planning and implementing them in such a way as to maintain the integrity and effectiveness of the System.
